

CASE STUDY:

Federal Building Maintenance – Multiple Agencies,
Oklahoma

The GSA logo, consisting of the letters "GSA" in a white sans-serif font, where the letter "A" is replaced by a white five-pointed star. The logo is centered within a dark blue rectangular box with a white border.

GSA

CLIENT: U.S. General Services Administration
(via Prime Partner)

LOCATION: Tulsa & Oklahoma City, OK

CONTRACT TYPE: Facilities Support Services
– Janitorial & Waste

SERVICES PROVIDED: Interior Janitorial, Waste
Management, Floor Care

DURATION: 2023 – Present

OVERVIEW

As part of a federal facilities support contract, Leansite was tasked with maintaining secure federal buildings in Oklahoma, including Department of Labor offices, IRS buildings, and SSA facilities. Each facility required adherence to strict safety protocols and consistency in cleanliness across varied occupancy levels.

SOLUTION & EXECUTION

Our team delivered customized cleaning schedules for each agency, ensured background checks for all personnel, and implemented digital job-tracking through our platform for full transparency. Services included:

Daily janitorial services

Confidential waste removal

Floor stripping and waxing during off-peak hours

Quarterly deep cleans and emergency call-outs

IMPACT

24/7 client access to cleaning logs and issue reporting via our app

100% project completion rate with zero missed SLAs in 12 months

Enhanced cleanliness ratings from GSA building inspectors

Maintained federal readiness and compliance standards post-COVID

Turn your facilities into smart, self-managing buildings
